Report of Independent Registered Public Accounting Firm

Investment Committee  
McCormick & Company, Incorporated

We have audited the accompanying statements of net assets available for benefits of The McCormick 401(k) Retirement Plan as of November 30, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years ended November 30, 2005, 2004 and 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at November 30, 2005 and 2004, and the changes in its net assets available for benefits for the years ended November 30, 2005, 2004 and 2003, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of November 30, 2005 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

The McCormick 401(k) Retirement Plan

Notes to Financial Statements

November 30, 2005

**1. Description of the Plan**

The McCormick 401(k) Retirement Plan (the Plan) is a defined contribution plan sponsored by McCormick & Company, Incorporated (the Company), which incorporates a 401(k) savings and investment option.

Effective March 22, 2002, the Plan was amended to provide that the McCormick & Company, Incorporated common stock fund investment option is designated as an employee stock ownership plan (ESOP). This designation allows participants investing in McCormick & Company, Incorporated common stock to elect to receive, in cash, dividends that are paid on McCormick stock held in their 401(k) Retirement Plan accounts. Dividends may also continue to be reinvested. The McCormick & Company, Incorporated common stock fund invests principally in common stock of the Plan Sponsor.

The following description of the Plan provides only general information. Further information about the Plan agreement, eligible employees, the vesting provisions, and investment alternatives is contained in the Plan Document.

Participating employees contribute to the Plan through payroll deductions in amounts ranging from 1% to 60% of their earnings, subject to certain limitations.

Effective December 1, 2000, the Company and participating subsidiaries provide a matching contribution of 100% of the first 3% of an employee's contribution, and 50% on the next 2% of the employee's contribution. An employee is required to have one year of service with the Company to be eligible for the matching contribution.

Participants are immediately vested in their contributions, the Company's contributions including matching contributions, and all related earnings.

Participants' elective contributions, as well as Company matching contributions, are invested in the Plan's investment funds as directed by the participant.

Participants are permitted to take loans against their contributions to the Plan, subject to a \$500 minimum. The maximum of any loan cannot exceed one-half of the participant's contributed account balance or \$50,000, less the highest outstanding unpaid loan balance during the prior 12 months, whichever is less. The Company's Investment Committee determines the interest rate for loans based on current market rates. Loan repayments, including interest, are made by participants through payroll deductions over loan terms of up to five years. Longer loan terms are available for loans taken to purchase, construct, reconstruct, or substantially rehabilitate a primary home for the participant or the participant's immediate family.

4

---

Upon termination of service, a participant with an account balance greater than \$5,000 may elect to leave their account balance invested in the Plan, elect to rollover their entire balance to an Individual Retirement Account (IRA) or another qualified plan, elect to receive a lump-sum payment equal to their entire balance, or elect annual installments to extend from two to eight years. Upon termination of service, a participant with an account balance less than \$5,000 may elect to rollover their entire balance to an IRA or another qualified plan or elect to receive a lump-sum payment equal to their entire balance. In the absence of instruction from a participant, balances less than \$1,000 automatically will be paid directly to the participant and those greater than \$1,000 will be rolled over to an IRA designated by the Administrator.

On August 12, 2003, the Company completed the sale of substantially all of the operating assets of its packaging segment (Packaging) to the Kerr Group, Inc. As a result of the sale transaction a substantial number of Packaging employees were terminated from employment with the Company and hired by the Kerr Group, Inc. Distributions from the Plan relating to the sale of Packaging have been included within participant withdrawals on the statement of changes in net assets in the year ended November 30, 2003.

The Company intends to continue the Plan indefinitely. The Company reserves the right to terminate the Plan, or to reduce or cease contributions at any time, if its Board of Directors determines that business, financial, or other good causes make it necessary to do so, or to amend the Plan at any time and in any respect, provided, however, that any such action will not deprive any participant or beneficiary under the Plan of any vested right.

## **2. Significant Accounting Policies**

The financial statements of the Plan are prepared on the accrual basis of accounting.

### **Valuation of Securities and Income Recognition**

Investments are stated at aggregate fair value. Securities traded on a national securities exchange or included on the NASDAQ National Market List are valued at the last reported sales price on the last business day of the plan year. Investments for which no sale was reported on that date are valued at the last reported bid price. Pooled, common and collective funds are valued by the issuer of the funds based on the fund managers' estimate of the individual closing price of the funds on the last day of the plan year as quoted by the applicable fund issuer.

5

---

The change in the difference between fair value and the cost of investments is reflected in the statement of changes in net assets available for benefits as net unrealized appreciation or depreciation of investments.

The net realized gain or loss on disposal of investments is the difference between the proceeds received and the average cost of investments sold. Expenses relating to the purchase or sale of investments are added to the cost or deducted from the proceeds.

The McCormick Stock Fund (the Fund) is tracked on a unitized basis. The Fund consists of McCormick common stock and funds held in the Wells Fargo Short-term Investment Money Market Fund sufficient to meet the Fund's daily cash needs. Unitizing the Fund allows for daily trades. The value of a unit reflects the combined market value of McCormick common stock and the cash investments held by the Fund. At November 30, 2005, 4,613,528 units were outstanding with a value of \$26.29 per unit (5,336,037 units were outstanding with a value of \$27.18 per unit at November 30, 2004).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative services are provided by the Company which serves as the Plan Sponsor, without cost to the Plan; however, investment advisors' fees are paid by the Plan.

### **Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual amounts could differ from those estimates.

### 3. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (the IRS) dated February 25, 2004, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from

6

taxation. This determination letter covers all amendments to the Plan since its inception and original qualification. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore, the Plan is qualified and the related trust is tax-exempt.

### 4. Investments

The Plan's investments are held in bank-administered trust funds. The custodial trustee of the Plan is Wells Fargo Bank Minnesota N.A. During 2005, 2004 and 2003, the Plan's investments (including investments bought, sold, or held throughout the year) (depreciated)/appreciated in fair value by \$(8,482,458), \$46,516,618 and \$36,168,142, respectively, as follows:

	Net Appreciation (Depreciation) in Fair Value During Year Year ended November 30		
	2005	2004	2003
McCormick & Company, Incorporated—common stock	\$ (20,732,458)	\$ 31,507,826	\$ 21,208,553
Pooled, Common and Collective funds	1,094,776	1,012,478	1,231,489
Mutual funds	11,155,224	13,996,314	13,728,100
Total	\$ (8,482,458)	\$ 46,516,618	\$ 36,168,142

The Plan's dividend income for the years ended November 30, 2005, 2004, and 2003 was \$4,893,635, \$4,116,217 and \$3,641,365, respectively.

7

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

	November 30	
	2005	2004
McCormick & Company, Incorporated—common stock fund	\$ 121,296,236	\$ 145,045,917
Pooled, Common and Collective Funds:		
Wells Fargo Stable Return Fund	28,265,367	28,303,299
Mutual Funds:		
Fidelity Magellan Fund	39,593,269	41,513,791
Fidelity Growth & Income Portfolio Fund	38,772,837	40,233,185
American Funds EuroPacific Growth Fund	18,849,703	12,489,950

### 5. Transactions with Parties-in-Interest

Fees paid during the year for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. The Plan holds investments in common stock of McCormick & Company, Incorporated, the Parent of the Plan Sponsor, and in funds managed by affiliates of Wells Fargo, the custodial trustee of the Plan. Dividends on McCormick & Company, Incorporated common stock and income on investments in Wells Fargo funds are at the same rates as non-affiliated holders of these securities.

### 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8

## Report of Independent Registered Public Accounting Firm

Investment Committee

McCormick &amp; Company, Incorporated (on behalf of the Zatarain's Partnership, LP 401 (k) Retirement Plan)

We have audited the accompanying statements of net assets available for benefits of Zatarain's Partnership, LP 401(k) Retirement Plan as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005 and 2004, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2005 is presented for purposes of additional analysis, and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

The Zatarain's Partnership, LP 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2005

**1. Description of the Plan.**

The Zatarain's Partnership, L.P. 401(k) Retirement Plan (the "Plan") is a defined contribution plan sponsored by Zatarain's Partnership, L.P. (the "Company"), which incorporates a 401(k) savings and investment option. The Plan has been in existence since 1990, and the investment option in Common Stock of McCormick & Company, Incorporated was added April 1, 2004. The Company is wholly owned by McCormick & Company, Incorporated. The Plan covers all full time employees of Zatarain's Partnership, L.P. who have completed one year of service.

The following description of the Plan provides only general information. Further information about the Plan agreement, eligible employees, vesting provisions, and investment alternatives is contained in the Plan Document.

Participating employees contribute to the Plan through payroll deductions in amounts ranging from 1% to 100% of their earnings, subject to certain limitations. The Company provides a matching contribution of 35% of an employee's contribution on the first 6% of the employee's eligible compensation. The Company may also contribute annually 3% of an employee's eligible compensation as a profit sharing contribution. An employee is required to have at least one year of service to be eligible for matching or profit sharing contributions. During 2005 and 2004, the Company made profit sharing contributions of \$340,000 and \$340,000, respectively.

Participants are immediately vested in their contributions and the profit sharing contribution and all earnings on their vested balances. The Company's matching contributions vest as follows: after 2 years of service – 20%; after 3 years of service – 40%; after 4 years of service – 60%; after 5 years of service – 100%.

Participant's contributions are invested in the Plan's investment funds as directed by the participant. At each plan year end, the employer profit sharing contribution was unallocated. Forfeitures of Company contributions are used to offset future Company contributions. Forfeitures during the years ended December 31, 2005 and 2004 were \$5,916 and \$10,336, respectively.

Participants are permitted to take loans against their contributions to the Plan, subject to a \$1,000 minimum. The maximum of any loan cannot exceed one-half of the participant's contributed account balance or \$50,000, less the highest outstanding unpaid loan balance during the prior 12 months, whichever is less. The Plan Sponsor determines the interest rate for loans based on current market rates.

Loan repayments, including interest, are made by participants through payroll deductions over loan terms of up to five years. Longer terms are available for loans taken to purchase, construct or substantially rehabilitate a primary home for the participant or the participant's immediate family.

Upon termination of service, a participant with an account balance greater than \$5,000 may elect to leave the account balance invested in the Plan, elect to rollover the balance to an Individual Retirement Account or another qualified plan or elect to receive a lump sum payment equal to their account balance.

Upon termination of service, a participant with an account balance less than \$5,000 may elect to rollover the balance to an Individual Retirement Account or another qualified plan or elect to receive a lump sum payment equal to their account balance. In the absence of instruction from a participant, balances less than \$1,000 automatically will be paid directly to the participant and those greater than \$1,000 will be rolled over to an IRA designated by the Administrator.

The Company intends to continue the Plan indefinitely. The Company reserves the right to terminate the Plan, or to reduce or cease contributions at any time, if its Board of Directors determines that business, financial or other good causes make it necessary to do so, or to amend the Plan at any time and in any respect, provided, however, that any such action will not deprive any participant or beneficiary under the Plan of any vested right.

## 2. Significant Accounting Policies

The financial statements of the Plan are prepared on the accrual basis of accounting.

### Valuation of Securities and Income Recognition

Investments are stated at aggregate fair value. Securities traded on a national securities exchange or included on the NASDAQ National Market List are valued at the last reported sales price on the last business day of the plan year. Investments for which no sale was reported on that date are valued at the last reported bid price. Pooled, common and collective funds are valued by the issuer of the funds based on the fund managers' estimate of the individual investments held by the fund. Mutual funds are valued at the closing price of the funds on the last day of the plan year as quoted by the applicable fund issuer.

The change in the difference between fair value and the cost of investments is reflected in the statement of changes in net asset available for benefits as net unrealized appreciation or depreciation of investments.

5

The net realized gain or loss on disposal of investments is the difference between the proceeds received and the average cost of investments sold. Expenses relating to the purchase or sale of investments are added to the cost or deducted from the proceeds.

The McCormick Stock Fund (the Fund) became an investment option for participants in 2004. The Fund is tracked on a unitized basis. The Fund consists of McCormick common stock and funds held in the Wells Fargo Short-term Investment Money Market Fund sufficient to meet the Fund's daily cash needs. Unitizing the Fund allows for daily trades. The value of a unit reflects the combined market value of McCormick common stock and the cash investments held by the Fund. At December 31, 2005, 2,472 units were outstanding with a value of approximately \$10.02 per unit (4,496 units were outstanding with a value of approximately \$9.24 per unit at December 31, 2004).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative services are provided by the Company which serves as the Plan Sponsor, and McCormick & Company, Incorporated without cost to the Plan; however, investment advisors' fees are paid by the Plan.

### Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual amounts could differ from those estimates.

## 3. Income Tax Status

The Plan is a prototype plan. The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service dated August 30, 2001, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Internal Revenue Code (the "Code"), and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code.

6

Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

## 4. Investments

The Plan's investments are held in bank-administered trust funds. The custodial trustee of the Plan is Wells Fargo Bank Minnesota N.A. During 2005 and 2004, the Plan's investments (including investments bought, sold, or held throughout the year) (depreciated)/appreciated in fair value by \$562,859 and \$468,622 as follows:

	Net Appreciation (Depreciation) in Fair Value During Year Year ended December 31	
	2005	2004
McCormick & Company, Incorporated—common stock	\$ (7,514)	\$ 4,664
Pooled, Common and Collective funds	34,599	25,792
Mutual funds	535,814	438,166
Total	<u>\$ 562,859</u>	<u>\$ 468,622</u>

The Plan's dividend income for the years ended December 31, 2005 and 2004 was \$48,303 and \$35,302, respectively.

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

	December 31	
	2005	2004
<b>Pooled, Common and Collective Funds:</b>		
Wells Fargo Stable Return Fund	\$ 890,408	\$ 727,279
<b>Mutual Funds:</b>		
Harbor Capital Appreciation Fund	1,538,248	1,437,128
American Funds EuroPacific Growth Fund	1,248,923	1,154,085
Wells Fargo Growth Balanced Fund	1,012,384	956,248
Vanguard S&P 500 Index Fund	670,304	735,313

## 5. Transactions with Parties-in-Interest

Fees paid during the year for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. The Plan holds investments in common stock of McCormick & Company, Incorporated, the Parent of the Plan Sponsor, and in funds managed by affiliates of Wells Fargo, the custodial trustee of the Plan. Dividends on McCormick & Company, Incorporated common stock and income on investments in Wells Fargo funds are at the same rates as non-affiliated holders of these securities.

## 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Report of Independent Registered Public Accounting Firm

Investment Committee  
Mojave Foods, Incorporated

We have audited the accompanying statements of net assets available for benefits of The Mojave Foods Corp. 401(k) Retirement Plan as of November 30, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at November 30, 2005 and 2004, and the changes in its net assets available for benefits for years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets held at end of year as of November 30, 2005 is presented for purposes of additional analysis, and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

## 1. Description of the Plan

The Mojave Foods Corporation 401(k) Retirement Plan (the "Plan") is a defined contribution plan sponsored by Mojave Foods Corporation (the "Company"), which incorporates a 401(k) savings and investment option. The Company is a wholly owned subsidiary of McCormick & Company, Incorporated. The Plan covers substantially all full time employees of Mojave Foods Corporation who have completed six months of service. Employees classified as "leased employees" of the Company are not eligible for participation.

The Plan began April 1, 2004. The following description of the Plan provides only general information. Further information about the Plan agreement, eligible employees, vesting provisions, and investment alternatives is contained in the Plan Document.

Participating employees contribute to the Plan through payroll deductions in amounts ranging from 1% to 60% of their earnings, subject to certain limitations. The Plan allows but does not require the Company to make matching contributions or other contributions at its discretion. Only participants employed by the Company on the last day of a plan year are eligible to receive any Company contributions made for such plan year. Participants are immediately vested in Company contributions for which they are eligible on the last day of the plan year. During the period December 1, 2004 through November 30, 2005, the Company made a discretionary matching contribution of 20% of eligible employee pre-tax contributions. During the period April 1, 2004 (inception) through November 30, 2004, the Company made a discretionary matching contribution of 10% of eligible employee pre-tax contributions. Participants are immediately vested in their contributions, in earnings on their contributions and in earnings on vested Company contributions.

Participant contributions are invested in the Plan's investment funds as directed by the participant.

Participants are permitted to take loans against their contributions to the Plan, subject to a \$500 minimum. The maximum of any loan cannot exceed one-half of the participant's contributed account balance or \$50,000, less the highest outstanding unpaid loan balance during the prior 12 months, whichever is less. The Plan Sponsor determines the interest rate for loans based on current market rates. Loan repayments, including interest, are made by participants through payroll deductions over loan terms of up to five years. Longer terms are available for loans taken to purchase, construct or substantially rehabilitate a primary home for the participant or the participant's immediate family.

4

---

Upon termination of service, a participant with an account balance greater than \$5,000 may elect to leave the account balance invested in the Plan, elect to rollover the balance to an Individual Retirement Account or another qualified plan or elect to receive a lump sum payment equal to their account balance. Upon termination of service, a participant with an account balance less than \$5,000 may elect to rollover the balance to an Individual Retirement Account or another qualified plan or elect to receive a lump sum payment equal to their account balance. In the absence of instruction from a participant, balances less than \$1,000 automatically will be paid directly to the participant and those greater than \$1,000 will be rolled over to an IRA designated by the Administrator.

The Company intends to continue the Plan indefinitely. The Company reserves the right to terminate the Plan, or to reduce or cease contributions at any time, if its Board of Directors determines that business, financial or other good causes make it necessary to do so, or to amend the Plan at any time and in any respect, provided, however, that any such action will not deprive any participant or beneficiary under the Plan of any vested right.

## 2. Significant Accounting Policies

The financial statements of the Plan are prepared on the accrual basis of accounting.

### Valuation of Securities and Income Recognition

Investments are stated at aggregate fair value. Securities traded on a national securities exchange or included on the NASDAQ National Market List are valued at the last reported sales price on the last business day of the plan year. Investments for which no sale was reported on that date are valued at the last reported bid price. Pooled, common and collective funds are valued by the issuer of the funds based on the fund managers' estimate of the individual investments held by the fund. Mutual funds are valued at the closing price of the funds on the last day of the plan year as quoted by the applicable fund issuer.

The change in the difference between fair value and the cost of investments is reflected in the statement of changes in net asset available for benefits as net unrealized appreciation or depreciation of investments.

The net realized gain or loss on disposal of investments is the difference between the proceeds received and the average cost of investments sold. Expenses relating to the purchase or sale of investments are added to the cost or deducted from the proceeds.

5

---

The McCormick Stock Fund (the Fund) is tracked on a unitized basis. The Fund consists of McCormick common stock and funds held in the Wells Fargo Short-term Investment Money Market Fund sufficient to meet the Fund's daily cash needs. Unitizing the Fund allows for daily trades. The value of a unit reflects the combined market value of McCormick common stock and the cash investments held by the Fund. At November 30, 2005, 2,068 units were outstanding with a value of approximately \$8.37 per unit (822 units were outstanding with a value of \$9.67 per unit at November 30, 2004).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative services are provided by the Company which serves as the Plan Sponsor, and McCormick & Company, Incorporated, without cost to the Plan; however, investment advisors' fees are paid by the Plan.

### Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual amounts could differ from those estimates.

### 3. Income Tax Status

The Plan is a prototype plan. The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service dated August 30, 2001, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Internal Revenue Code (the "Code"), and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

6

### 4. Investments

The Plan's investments are held in bank-administered trust funds. The custodial trustee of the Plan is Wells Fargo Bank Minnesota N.A. During 2005 and 2004, the Plan's investments (including investments bought, sold, or held throughout the year) (depreciated)/appreciated in fair value by \$10,102 and \$6,320, respectively, as follows:

	Net Appreciation (Depreciation) in Fair Value During Year Year ended November 30	
	2005	2004
McCormick & Company, Incorporated—common stock	\$ (2,080)	\$ 339
Pooled, Common and Collective funds	1,003	188
Mutual funds	11,179	5,793
Total	\$ 10,102	\$ 6,320

The Plan's dividend income for the years ended November 30, 2005 and 2004 was \$2,391 and \$313, respectively.

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

	November 30	
	2005	2004
McCormick & Company, Incorporated—common stock fund	\$ 17,299	\$ 7,947
Pooled, Common and Collective Funds:		
Wells Fargo Stable Return Fund	35,826	15,823
Mutual Funds:		
Vanguard S&P 500 Index Fund	42,064	15,830
ICM Small Company Portfolio Fund	36,629	21,924
Fidelity US Bond Index Fund	33,295	12,853

Wells Fargo Strategic Growth Allocation Fund	23,438	16,376
Vanguard Windsor II Fund Inc.	21,431	8,040

7

### 5. Transactions with Parties-in-Interest

Fees paid during the period for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. The Plan holds investments in common stock of McCormick & Company, Incorporated, the Parent of the Plan Sponsor, and in funds managed by affiliates of Wells Fargo, the custodial trustee of the Plan. Dividends on McCormick & Company, Incorporated common stock and income on investments in Wells Fargo funds are at the same rates as non-affiliated holders of these securities.

### 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
