**Part II Organizational Action** Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶

On September 29, 2020, the Board of Directors of McCormick & Company, Inc. declared a 2-for-1 stock split of the Corporation's common shares effected in the form of a stock dividend. Each shareholder of record on the close of business on the record date received one additional share of common stock for each share held. The record date for the stock split was November 20, 2020, with the new shares distributed on November 30, 2020.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶

As a result of the 2-for-1 stock split, shareholders received one additional share for each share owned. In accordance with Internal Revenue Code Section 307(a), each shareholder is required to allocate the aggregate tax basis in his or her shares held immediately prior to the 2-for-1 stock split among the shares of stock held immediately after the 2-for-1 stock split. As a result, the number of shares held by each shareholder were multiplied by 2, but each shareholder's total basis and proportionate interest in the Company remained the same.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶

We caution that this is not tax advice and is provided only as guidance. Investors should consult their tax advisor. A shareholder will multiply the basis in each share held before the stock split by 50% to determine the basis, after the stock split, in that share and each additional share distributed in the stock split. The record date for the stock split was November 20, 2020, and the distribution date was November 30, 2020. The data that supports this calculation is each shareholder's basis immediately before the distribution and the number of shares issued in the distribution.

**Part II** Organizational Action (continued)

17 List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based ▶ \_\_\_\_\_

The applicable Internal Revenue Code sections upon which the tax treatment is based are IRC Sections 305(a) and 307(a). Under IRC Section 305(a), the distribution is not taxable to shareholders. Under IRC Section 307(a), each shareholder's basis in his or her old stock must be allocated between the old stock and the new stock that was distributed in the stock split.

18 Can any resulting loss be recognized? ▶ \_\_\_\_\_

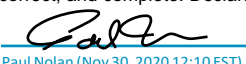

Under current law, for U.S. Federal Income tax purposes, there will be no U.S. taxable income, gain or loss to U.S. resident shareholders in connection with the 2-for-1 stock split. The laws of jurisdictions other than the United States may impose income taxes on the receipt of additional shares. As such, investors should consult their tax advisors with respect to the potential tax consequences in light of their individual circumstances.

19 Provide any other information necessary to implement the adjustment, such as the reportable tax year ▶ \_\_\_\_\_

The reportable tax year is 2020 for stockholders reporting taxable income on a calendar year basis. For stockholders reporting taxable income on a basis other than calendar year, the reportable year is the stockholder's tax year that includes November 30, 2020.
