REPORT ON EXECUTIVE COMPENSATION

COMPENSATION POLICY

The Company's executive compensation philosophy is to align the interests of senior executive management with shareholder interests through compensation linked to growth in profitability and stock price performance. The principal elements of executive compensation for the Company are base salary, annual management incentive bonus, and stock options. Salary levels, annual bonus targets, and stock option grant levels are established in part on the basis of median levels of compensation expected to be paid during the fiscal year to senior executive management of companies in the manufacturing

and food industries of a size comparable to that of the Company. The Company makes these determinations on the basis of, among other things, published surveys and periodic special studies conducted by independent compensation consultants.

During 1993 and early 1994, the Compensation Committee engaged an independent compensation consultant, Sibson and Co., Inc., to review the Company's executive compensation policies and practices. As part of its review, the independent consultant compared the compensation of the Company's senior executive officers with the compensation of executive officers of other food and manufacturing companies. The independent consultant, whose findings and report were reviewed by the Compensation Committee, confirmed that the base salaries of senior executive management are consistent with the median levels paid to senior executives having similar roles and responsibilities at food and manufacturing companies of comparable size. The independent consultant also concluded that the Company's annual incentive plan design, which is based on profit growth, meets the Company's compensation objectives. The independent consultant also concluded, however, that both target and actual total compensation are below the average for the food industry, primarily because the number of shares for which stock options have been granted are less than those of comparable companies.

COMPENSATION COMMITTEE AND EXECUTIVE COMMITTEE DETERMINATIONS

Salary levels of the Company's senior executive officers are reviewed annually and, where appropriate, are adjusted to reflect individual responsibilities and performance as well as the Company's competitive position within the food industry. The Compensation Committee sets base salaries by targeting midpoints of the marketplace average and adjusting each executive officer's salary to reflect individual performance, experience and contribution. The performance graph that appears on page 18 compares the performance of the Company's common stock to that of the S&P Food Products Index and the S&P 500 Index. Sibson and Co., Inc. recommended that the Compensation Committee consider salaries paid to senior executives at companies which are comparable to the Company (based on line of business or sales volume) in establishing base salaries for senior executive management of the Company. Those companies considered included most of the fifteen companies in the S&P Food Products Index and other manufacturing companies that are not included in that index but had similar sales volumes.

Annual Management Incentive Bonuses for members of the Executive Committee and any other executive officers identified in the Summary Compensation Table on page 13 are determined by the Compensation Committee. Bonuses for other senior management are determined by the Executive Committee. Target bonuses are established as a percentage of the midpoint of the salary range of the executive officer's grade level, and the amount of the target payable, if any, is based on the Company's financial performance. Bonuses for the Chief Executive Officer and other officers who are part of the Corporate staff are based on growth in the Company's earnings per share (EPS) as compared to the previous year. Bonuses vary depending on the level of growth in EPS. The targeted increase in growth in EPS is intended to equal or exceed the growth rate of other companies within the food industry. The amount of target bonuses payable to operating unit executives is based on a formula, weighted two thirds on growth in profit of the executive's operating unit and one third on growth in the Company's EPS. The independent consultant retained by the Compensation Committee confirmed that target bonuses are consistent with median levels established for executives having similar responsibilities at comparable companies.

STOCK OPTIONS

Stock options were granted by the Compensation Committee to key management employees of the Company, including executive officers. The purpose of stock option grants is to aid the Company in securing and retaining capable employees by offering them an incentive, in the form of a proprietary interest in the Company, to join or continue in the service of the Company and to maximize their efforts to promote its economic performance. This incentive is created by granting options that have an exercise price of not less than 100% of the fair market value of the underlying stock on the date of grant, so that the employee may not profit from the option unless the Company's stock price increases. Options granted

are designed to help the Company retain employees in that they are not fully exercisable in the early years and "vest" only if the employee remains with the Company. Accordingly, an employee must remain with the Company for a period of years in order to enjoy the full economic benefit of the option.

As indicated in the second paragraph of this Report on Executive Compensation, the independent consultant retained by the Compensation Committee concluded that the stock options granted to the Company's executive officers provide less opportunity for economic benefit than do stock options granted by comparable companies. As a result, the Compensation Committee approved increases in the number of shares for which options were granted to those management

employees. These adjustments did not increase the number of shares for which options were granted to the levels granted by other comparable companies, although grant levels for lower level managers were brought closer to market competitive levels than those for more senior executives. The number of options granted is a function of the recipient's salary grade level.

1994 COMPENSATION ACTIONS - MR. THOMAS; MR. BLATTMAN

The Chief Executive Officer participates in the same compensation programs provided to other Company executives and officers.

Effective January 1, 1994, the Compensation Committee increased Mr. Thomas' annual rate of base pay by a total of 2.5% compared to the annualized rate of pay for Mr. Thomas in effect in January 1993. This percentage increase was generally consistent with the salary increases granted for other senior executives this year. (The percentage increase in base pay was generally higher for management employees other than the senior executives). Mr. Blattman's annual rate of base pay was raised on the same date by a total of 2.6% compared to his annualized rate of pay in January 1993. This increase brought Mr. Blattman's rate of pay to the minimum of his salary range at that time.

Stock option grants were approved for both Mr. Thomas and Mr. Blattman in 1994 by the Compensation Committee. The number of shares for which options were granted was not based on corporate performance but was a function of grade level. Although the findings of the independent consultant cited above would have supported higher grants, the Compensation Committee approved options for the following number of shares for the Messrs. Thomas and Blattman:

	1994 Grant	1993 Grant
Mr. Thomas	23,000 shares	13,000 shares
Mr. Blattman	18,000 shares	13,000 shares

The 1994 options were granted on March 16, 1994 at an option price per share of \$23.00, which was equal to 100% of the fair market value of the stock on the date of grant.

In July 1994 Mr. Thomas passed away and Mr. Blattman was promoted to CEO and President. At that time Mr. Blattman's salary grade was adjusted and his base pay was increased by 21.8%. This increase brought his base pay to a level just above the minimum for that grade.

In consequence of his promotion, Mr. Blattman was also granted a stock option for 7,000 shares at a price of \$18.50, which was equal to 100% of the fair market value of the stock on the date of grant.

For fiscal year 1994, the Compensation Committee approved a management incentive bonus for Mr. Blattman in an amount equal to his target bonus, adjusted for corporate performance. The target bonus was set as a percentage of the mid-point of the salary range. The adjustment reflects the level of Company EPS growth over the previous fiscal year and is established based on growth rates which are competitive with the food industry.

Neither Mr. Thomas nor Mr. Blattman participated in the Compensation Committee's deliberations of their salary increases, annual bonus awards or stock option grants.

1994 COMPENSATION ACTIONS - OTHER EXECUTIVE OFFICERS

Compensation actions for other executive officers were made using similar criteria as those used for Messrs. Thomas and Blattman. Salary increases, bonuses and stock option grants for executive officers were granted in a manner consistent with those granted to other Company managers.

Fees paid to each director who was not an employee of the Company presently consist of an annual retainer fee of \$18,000 and \$1,100 for each Board meeting attended and \$900 for each Committee meeting attended.

On July 18, 1994, Mr. McCormick was elected to replace Mr. Thomas as Chairman of the Board. Mr. McCormick's services in such capacity are consultative in nature. The Company has agreed to pay Mr. McCormick \$16,667 per month for his services, together with such additional cash payments as may be deemed appropriate by the Compensation Committee, consistent with the performance of the Company. Mr McCormick received a bonus of \$42,000 for services rendered during fiscal year 1994.

The Company's Pension Plan is non-contributory. A majority of the employees of the Company and participating subsidiaries are eligible to participate in the Plan upon completing one year of service and attaining age 21. The Plan provides benefits (which are reduced by an amount equal to 50% of the participant's Social Security benefit) based on an average of the participant's highest consecutive 60 months of compensation, excluding any cash bonuses, and length of service. In 1979, the Company adopted a supplement to its Pension Plan to provide a limited group of its senior executives with an inducement to retire before age 65. That group of senior executives will receive credit for additional service for employment after age 55. In 1983, the supplement was expanded to include a significant portion of the senior executives' bonuses in the calculation of pension benefits. The group of senior executives includes those listed in the table on page 13.

For purposes of calculating the pension benefit, the average of the highest consecutive 60 months of compensation for Dr. Albrecht and Messrs. Blattman, Handley, Lawless, and Nordhoff as of November 30, 1994 was \$371,827, \$443,539, \$342,260, \$198,848 and \$255,284, respectively. The years of credited service for Dr. Albrecht and Messrs. Blattman, Handley, Lawless, and Nordhoff as of the same date were 11, 5, 7, 3, and 23 years, respectively.

Mr. Lawless is also entitled to receive pension benefits under the registered pension plan ("RPP") offered to employees of McCormick Canada, Inc. Benefits under the RPP are based on the average of the participant's highest three consecutive years of earnings. Upon retirement the Company has agreed to pay Mr. Lawless a supplemental benefit equal to the excess, if any, of the benefit calculated under the RPP (assuming all his service at McCormick Canada and the Company had been under the RPP) over (i) the pension benefit accrued under RPP (based on his years of service with McCormick Canada) plus (ii) the benefit accrued under the Company's Pension Plan (based on years of service with the Company).

During the last fiscal year, the Company has granted stock options to certain employees, including executive officers, pursuant to stock option plans approved by the Company's stockholders.

* In general, the stock options are exercisable cumulatively as follows: none of the shares granted during the first year of the option; not more than 50% of the shares granted during the second year of the option; and 100% of the shares granted, less any portion of such option previously exercised, at any time during the period between the end of the second year of the option and the expiration date. Approximately 410 employees of the Company were granted options under the Company's option plans during the last fiscal year.

** The dollar amounts under these columns are the result of calculations at 0%, and at the 5% and 10% compounded annual rates set by the Securities and Exchange Commission, and therefore are not intended to forecast future appreciation, if any, in the price of the Company's common stock. The potential realizable values illustrated at 5% and 10% compound annual appreciation assume that the price of the Company's common stock increases \$6.35 and \$14.04 per share (\$5.11 and \$11.29 per share in the case of the \$18.50 option), respectively, over the 5-year term of the options. If the named executives realize these values, the Company's stockholders will realize aggregate appreciation in the price of the approximately 81 million shares of the Company's common stock outstanding as of December 30, 1994 of approximately \$515 million and \$1.14 billion, respectively, over the same period.

1995 EMPLOYEES STOCK PURCHASE PLAN

Since 1966 it has been the policy of the Company to make available to virtually all of its employees the opportunity to purchase shares of the Company's stock through employees stock purchase plans. Since the Board of Directors believes that these plans have been successful in achieving their purposes, a new employees stock purchase plan is being submitted to the stockholders at this time.

On January 23, 1995, the Board of Directors adopted the 1995 Employees Stock Purchase Plan, which is designed to meet the requirements of the Internal Revenue Code for employee stock purchase plans. The full text of the Plan is set forth in Exhibit A to this Proxy Statement and reference is made thereto for a complete statement of its terms and provisions. If the Plan is not approved by the required vote of stockholders, it will terminate. The Company intends to file a registration statement under the Securities Act of 1933 to register the shares subject to the Plan prior to the issuance of any securities subject to issuance under the Plan.

Participation in the Plan is limited to persons who on March 15, 1995 are employees of the Company or designated subsidiaries and affiliates and, with stated exceptions, all such employees are eligible to participate. It is estimated that approximately 6,200 employees will be eligible to participate in the Plan.

Under the Plan, options are to be granted on March 15, 1995 to each eligible employee to purchase a maximum number of shares of Common Stock Non-Voting of the Company which, at the March 15, 1995 price, would approximate 10% of said employee's compensation for one year, as defined in the Plan. Payment for all shares purchased would be made through payroll deductions over a 24 month period, beginning June 1, 1995. Interest on all such amounts would be accrued by the Company at the rate of 5% per year, and would be paid to the employees after completion of payment for their shares or upon prior withdrawal from the Plan. The purchase price per share is the NASDAQ National Market closing price of the Company's Common Stock Non-Voting in the over-the-counter market as reported in "The Wall Street Journal" for either March 15, 1995 or for the date of exercise, whichever price is lower. The closing price of the Common Stock Non-Voting as reported in "The Wall Street Journal" for February 3, 1995 was \$22.50.

Subject to certain limitations set forth in the Plan, employees are permitted, at any time prior to May 31, 1997, to terminate or reduce their payroll deductions, to reduce their options to purchase, to exercise their options in whole or in part, or to withdraw all or part of the balance in their accounts, with interest.

The Plan also contains provisions governing the rights and privileges of employees or their representatives in the event of termination of employment, retirement, severance, lay-off, disability, death or other events.

Certificates for all shares of stock purchased under the Plan will be delivered as soon as practicable after May 31, 1997, or on such earlier date as full payment is made for all shares which the employee has elected to purchase. No employee or his or her legal representative will have any rights as a stockholder with respect

to any shares to be purchased until completion of payments for all the shares and the issuance of the stock certificate.

The Plan contemplates that all funds contributed by employees will be under the control of the Company and can be used for any corporate purposes.

The Company has been advised by counsel that, under the Internal Revenue Code, if a participant acquires stock upon the exercise of an option under the Plan, no income will result to such participant upon such exercise, and the Company will be allowed no deduction as a result of such purchase, if the following conditions are met: (i) the Plan is approved by the stockholders of the Company on or before January 22, 1996; (ii) at all times during the period beginning with the date of the granting of the option and ending on the day three months before the date of such exercise the participant was an employee of the Company or of a subsidiary or affiliate of the Company; and (iii) the participant makes no disposition of the stock within two years after the date of granting the option and makes no disposition of the stock within one year after the transfer of the stock to such participant. In the event of a sale or other disposition of such stock by the option holder after compliance with the applicable conditions set forth above, any gain realized over the price paid for the stock will be treated as long-term capital gain, and any loss will be treated as long-term capital loss in the year of the sale. If the condition stated in clause (i) or (ii) is not met, compensation income will result to a participant upon the exercise of an option; if the conditions in clause (iii) are not met, compensation income will result to the participant upon the early disposition of stock. In either case the amount of compensation will be equal to the excess of the value of the stock on the date of exercise over the purchase price, except that in the case of a person subject to Section 16(b) of the Securities Exchange Act of 1934, the amount of compensation income will be determined based on the value of the stock on the date on which the Section 16(b) restriction lapses (and the inclusion in income of the compensation will be delayed until that time). In general, such amount of compensation income will be subject to regular income tax rates. If the option holder is treated as having received compensation income, an equivalent deduction generally will be allowed to the Company. For the purpose of the foregoing, an option is exercised on May 31, 1997 or such earlier date as the employee makes an irrevocable election to purchase stock. No income will result to participant upon the issuance of the options.

The Company has been further advised by counsel that the interest accrued on an employee's stock purchase account will be taxable income in the year paid or applied to the purchase of stock on behalf of such employee and an equivalent deduction will be allowed to the Company. The following table shows the estimated maximum number of shares of Common Stock Non-Voting that each listed person, and each listed group, will be entitled to acquire in accordance with the provisions of the 1995 Employees Stock Purchase Plan (based on the stock price in effect on February 3, 1995). The Dollar Value equals the number of shares that can be acquired by each person or group multiplied by the February 3, 1995 stock price.

Director nominees who are not employees of the Company are not eligible to participate in the Plan. No person will receive options for as much as 5% of the shares subject to the Plan.

The Plan contemplates that the Company will make available sufficient shares of its Common Stock Non-Voting to allow each eligible employee to elect to purchase the full number of shares covered by the options granted. On the basis of the closing price of the shares of the Company's Common Stock Non-Voting on February 3, 1995, it is estimated that a maximum of 883,000 shares will be required if each eligible employee elects to participate to the full extent of his or her option. The Plan provides for adjustments in the case of certain changes in the Company's capital structure.

REQUIRED VOTE OF STOCKHOLDERS. The favorable vote of at least a majority of the shares of Common Stock of the Company present in person or by proxy at a meeting at which a quorum is present is required for the approval of the Plan.

The Board of Directors recommends that stockholders vote FOR the approval of the Plan.

RATIFICATION OF APPOINTMENT OF AUDITORS

The Board of Directors, upon recommendation of the Audit Committee, has appointed the accounting firm of Ernst & Young to serve as the independent auditors of the Company for the current fiscal year subject to ratification by the stockholders of the Company. Ernst & Young were first appointed to serve as independent auditors of the Company in 1982 and are considered by management of the Company to be well qualified.

Representatives of Ernst & Young are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

REQUIRED VOTE OF STOCKHOLDERS. The favorable vote of at least a majority of the shares of Common Stock of the Company present in person or by proxy at a meeting at which a quorum is present is required for ratification of the appointment of independent auditors.

The Board of Directors recommends that stockholders vote FOR ratification.

OTHER MATTERS

Management knows of no other matters which may be presented for consideration at the meeting. However, if any other matters properly come before the meeting, it is the intention of the persons named in the proxy to vote such proxy in accordance with their judgment on such matters.

VOTING PROCEDURES

Each matter submitted to the stockholders for a vote is deemed approved if a majority of the shares of Common Stock of the Company present in person or by proxy at a meeting at which a quorum is present votes in favor of the matter. The presence in person or by proxy of stockholders entitled to cast a majority of all the votes entitled to be cast at the meeting constitutes a quorum.

Stockholder votes are tabulated manually by the Company's Shareholder Relations Office. Broker non-votes are neither counted in establishing a quorum nor voted for or against matters presented for stockholder consideration; proxy cards which are executed and returned without any designated voting direction are voted in the manner stated on the proxy card. Abstentions and broker non-votes with respect to a proposal are not counted as favorable votes, and therefore have the same effect as a vote against the proposal.

STOCKHOLDER PROPOSALS FOR 1996 ANNUAL MEETING

Proposals of stockholders to be presented at the 1996 Annual Meeting must be received by the Secretary of the Company prior to October 18, 1995 to be considered for inclusion in the 1996 proxy material.

EXHIBIT A McCORMICK & COMPANY, INCORPORATED 1995 EMPLOYEES STOCK PURCHASE PLAN

SECTION 1 - PURPOSE

The purpose of this Plan is to afford to employees of McCormick & Company, Incorporated and designated subsidiaries and affiliates (namely, Festin Foods Corp., Flavour Ingredients Limited, Gilroy Foods, Incorporated, McCormick Canada, Inc., McCormick & Wild, Inc., Mojave Foods Corporation, Setco, Inc., and Tubed Products, Inc.) (the "Corporations") an opportunity to acquire shares of Common Stock Non-Voting of McCormick & Company, Incorporated (the "Company") pursuant to options to purchase granted by this Plan to them.

SECTION 2 - NUMBER OF SHARES OFFERED

The offering pursuant to this Plan is for a number of shares of the Company's Common Stock Non-Voting sufficient to allow each employee to elect to purchase the full number of shares purchasable pursuant to the terms of Section 6 of this Plan.

SECTION 3 - ELIGIBLE EMPLOYEES

All persons who on March 15, 1995, are employees of the Corporations will be eligible to participate in this Plan, except for the following who shall not be eligible:

(a) Any employee whose customary employment as of March 15, 1995, was 19 hours or less per week or for not more than 5 months during the calendar year;

(b) Any employee who, immediately after March 15, 1995, would own (as defined in the Internal Revenue Code, Sections 423 and 424(d)) stock, and/or hold outstanding options to purchase stock, possessing 5% or more of the total combined voting power or value of all classes of stock of the Company or of any subsidiary;

(c) Any employee whose grant of an option hereunder would permit his rights to purchase stock under this Plan and under all other employee stock purchase plans, if any, of the Company or its subsidiaries to accrue at a rate which exceeds \$25,000 of the fair market value of such stock (determined at the time such option is granted) for each calendar year in which such option is outstanding at any time; and

(d) Any employee residing in a state where the offer or sale of the shares provided by this Plan is not authorized or permitted by applicable state law.

SECTION 4 - EFFECTIVE DATE

The options under this Plan are granted as of March 15, 1995, subject to approval of this Plan by the stockholders of the Company within 12 months of its adoption by the Board of Directors.

SECTION 5 - PURCHASE PRICE

The purchase price for all shares shall be the NASDAQ National Market closing price of the Company's Common Stock Non-Voting on the over-the-counter market as reported in THE WALL STREET JOURNAL either:

- (a) For March 15, 1995 (which is the date of the grant), or
- (b) For the date such option is exercised, whichever price is lower.

SECTION 6 - NUMBER OF SHARES PURCHASABLE

Each eligible employee is, by the terms of this Plan, granted an option to purchase a maximum number of shares of Common Stock Non-Voting of the Company (increased by any fractional amount required to make a whole share) which, at the purchase price, as determined in accordance with Section 5(a), will most closely approximate 10% of his compensation for one year, as below defined. Notwithstanding any other provision of this Plan, no employee may elect to purchase less than five shares nor may any options be exercised for less than five shares.

Such compensation for one year shall be deemed to be the base wage paid to such employee by the Corporations. The base wage for such employee shall be computed as follows:

(a) The straight-line hourly base wage rate of such employee in effect on March 15, 1995, multiplied by 2080 hours (40 hours per week multiplied by 52 weeks), or by such number as the Company deems to constitute the number of hours in a normal work year for such employee; or

(b) The salary of such employee in effect on March 15, 1995, annualized.

SECTION 7 - ELECTION TO PURCHASE AND PAYROLL DEDUCTION

No later than April 28, 1995, an eligible employee may elect to purchase all or part of the shares which he is entitled to purchase under Section 6. Such election shall be made by the execution and delivery to the Corporations of an approved written form authorizing uniform periodic payroll deductions over a two-year period beginning June 1, 1995, in such amounts as will in the aggregate (exclusive of interest which, it is contemplated, will be paid to the employee at the end of such period) equal the total option price for all of the shares covered by this election to purchase. If an employee fails to make such election by April 28, 1995, the option provided by this Plan shall terminate on that date. Except as otherwise provided in the Plan, after payroll deductions have begun, prepayment for the total shares purchasable will be permitted at any time prior to May 31, 1997. In the event an employee makes such prepayment, there shall be no payroll deductions under the Plan on behalf of said employee after such prepayment.

SECTION 8 - INTEREST ON PAYROLL DEDUCTIONS

The Company and participating subsidiaries and affiliates will maintain a record of amounts credited to each employee authorizing a payroll deduction pursuant to Section 7. Interest will accrue on payroll deductions beginning June 1, 1995, on the average balance of such deductions during the period of this Plan at the rate of 5% per year. Such interest shall be payable to the employee on or about May 31, 1997, or at such time as said employee may for any reason terminate his election to purchase shares under this Plan, or at such time as said employee exercises his option to purchase stock under the Plan and provides or pays in full the sum necessary to purchase such shares.

SECTION 9 - CHANGES IN ELECTIONS TO PURCHASE

An employee may, at any time prior to May 31, 1997, by written notice to the Corporations, direct the Corporations to reduce or cease payroll deductions (or, if the payment for shares is being made through periodic cash payments, notify the Corporations that such payments will be reduced or terminated) or withdraw part or all of the money in his account and continue payroll deductions, in accordance with the following alternatives:

(a) Exercise his option to purchase the number of shares which may be purchased at the purchase price with all or any specified part of the amount (including interest) then credited to his account, and withdraw any amount (including interest) remaining

in such account; or

(b) Reduce the amount of his subsequent payroll deductions (or periodic cash payments) and/or withdraw all or any specified part of the amount then credited to his account, in which event his option to purchase shall be reduced to the number of shares which may be purchased, at the March 15, 1995 price, with the amount, if any, remaining in his account (exclusive of interest) plus the aggregate amount of the authorized payroll deductions (or periodic cash payments) to be made thereafter; or

(c) Withdraw the amount (including interest) in his account and terminate his option to purchase.

An employee may make only one withdrawal of all or part of his account and continue his payroll deductions. If the employee thereafter wishes to withdraw any funds from his account, he must withdraw the entire amount (including interest) in his account and terminate his option to purchase.

Any reduction made in the number of shares subject to an option to purchase is subject to the provisions of Section 6 and shall be permanent.

SECTION 10 - VOLUNTARY TERMINATION OF EMPLOYMENT OR DISCHARGE

In the event an employee voluntarily leaves the employ of the Corporations, otherwise than by retirement under a plan of the Corporations, or is discharged for cause prior to May 31, 1997, he can elect within 10 days after termination of his employment to:

(a) Exercise his option to purchase the number of shares which may be purchased at the purchase price with all or any specified part of the amount (including interest) then credited to his account, and withdraw any amount (including interest) remaining in such account; or

(b) Withdraw the amount (including interest) in his account and terminate his option to purchase; or

(c) Exercise his option up to the number of shares purchasable under this Plan (Section 6) with full payment for such shares.

If the employee fails to make an election within 10 days after termination of employment, he shall be deemed to have elected subsection 10(b) above.

SECTION 11 - RETIREMENT OR SEVERANCE

In the event an employee who has an option to purchase shares leaves the employ of the Corporations on or after March 15, 1995, because of retirement under a plan of the Corporations, or because of termination of his employment by the Corporations for any reason except discharge for cause, he may elect, within 10 days after the date of such retirement or termination, to:

(a) In the event of retirement only, continue his option to purchase shares by making periodic cash payments to the Corporations in amounts equal to the payroll deductions previously authorized; or

(b) Exercise his option for the number of shares which may be purchased at the purchase price with all or any specified part of the amount (including interest) then credited to his account, and withdraw any amount (including interest) remaining in such account; or

(c) Exercise his option up to the number of shares purchasable under this Plan (Section 6) with full payment for such shares within said 10 day period; or

(d) Withdraw the amount (including interest) in his account and terminate his option to purchase.

In the event the employee does not make an election within the aforesaid 10 day period, he will be deemed to have elected subsection 11(d) above.

SECTION 12 - LAY-OFF, AUTHORIZED LEAVE OF ABSENCE OR DISABILITY

Payroll deductions for shares for which an employee has an

option to purchase may be suspended during any period of absence of the employee from work due to lay-off, authorized leave of absence or disability or, if the employee so elects, periodic payments for such shares may continue to be made in cash.

If such employee returns to active service prior to May 31, 1997, his payroll deductions will be resumed and if said employee did not make periodic cash payments during his period of absence, he shall, by written notice to his employing Corporation within 10 days after his return to active service, but not later than May 31, 1997, elect:

(a) To make up any deficiency in his account resulting from a suspension of payroll deductions by an immediate cash payment; or

(b) Not to make up such deficiency, in which event the number of shares to be purchased by him shall be reduced to the number of whole shares which may be purchased at the March 15, 1995 price, with the amount, if any, then credited to his account (including interest) plus the aggregate amount, if any, of all payroll deductions to be made there-after; or

(c) Withdraw the amount (including interest) in his account and terminate his option to purchase.

An employee on lay-off, authorized leave of absence or disability on May 31, 1997, shall deliver written notice to his employing Corporation on or before May 31, 1997, electing one of the alternatives provided in the foregoing clauses (a), (b) and (c) of this Section 12. If any employee fails to deliver such written notice within 10 days after his return to active service or by May 31, 1997, whichever is earlier, he shall be deemed to have elected subsection 12(c) above.

If the period of an employee's lay-off, authorized leave of absence or disability shall terminate on or before May 31, 1997, and the employee shall not resume active employment with the Corporations, he shall make an election in accordance with the provisions of Section 10 of this Plan.

SECTION 13 - DEATH

In the event of the death of an employee while his option to purchase shares is in effect, the legal representatives of such employee may, within 90 days after his death (but not later than May 31, 1997) by written notice to the employing Corporation, elect to:

(a) Make up any deficiency in such employee's account occurring after his death or by reason of his prior illness and to continue to make periodic cash payments for the remainder of the period ending May 31, 1997; or

(b) Withdraw the amount (including interest) in his account and terminate his option to purchase; or

(c) Exercise the employee's option for the number of shares which may be purchased at the purchase price with all or any specified part of the amount (including interest) then credited to his account, and withdraw any amount (including interest) remaining in such account; or

(d) Exercise his option up to the number of shares purchasable under this Plan (Section 6) with full payment for such shares.

In the event the legal representatives of such employee fail to deliver such written notice to the employing Corporation within the prescribed period, the election to purchase shares shall terminate and the amount, including interest, then credited to the employee's account shall be paid to such legal representatives.

SECTION 14 - FAILURE TO MAKE PERIODIC CASH PAYMENTS

Under any of the circumstances contemplated by this Plan, where the purchase of shares is to be made through periodic cash payments in lieu of payroll deductions, the failure to make any such payments shall reduce, to the extent of the deficiency in such payments, the number of shares purchasable under this Plan.

SECTION 15 - FUNDS IN STOCK OPTION ACCOUNTS

Amounts credited to the employee's account shall be under the control of the Company and may be used for any corporate purpose. Amounts credited to the accounts of employees of subsidiaries and affiliates of the Company named in Section 1 of this Plan shall be remitted to the Company from time to time. The amount, exclusive of interest, credited to the account of each employee shall be applied to pay for shares purchased by such employee and any amount not used for this purpose shall be repaid to the employee by the Company.

SECTION 16 - RIGHTS AS STOCKHOLDER

No employee, former employee, or his representatives shall have any rights as a stockholder with respect to any shares of stock which any employee has elected to purchase under this Plan until full payment for all shares has been made and a certificate for such shares has been issued. Certificates for shares will be issued as soon as practicable after full payment for such shares has been made. However, certificates for shares will not be issued prior to approval of the Plan by the stockholders of the Company.

SECTION 17 - NON-ASSIGNABILITY

No assignment or transfer by any employee, former employee or his legal representatives of any option, election to purchase shares or any other interest under this Plan will be recognized; any purported assignment or transfer, whether voluntary or by operation of law (except by will or the laws of descent and distribution), shall have the effect of terminating such option, election to purchase or other interest. An employee's option and election to purchase shall be exercisable only by him during his lifetime and upon his death, by his legal representative in accordance with Section 13. If an election to purchase is terminated by reason of the provisions of this Section 17, the only right thereafter continuing shall be the right to have the amount then credited to the employee's account, including interest, paid to the employee or other person entitled thereto, as the case may be.

SECTION 18 - EFFECT OF CHANGES IN SHARES

In the event of any change in the capital stock of the Company through merger, consolidation or reorganization, or in the event of any dividend to holders of shares of the Common Stock Non-Voting of the Company payable in stock of the same class in an amount in excess of 2% in any year, or in the event of a stock split, or in the event of any other change in the capital structure of the Company, the Company will make such adjustments with respect to the shares of stock subject to this offering as it deems equitable to prevent dilution or enlargement of the rights of participating employees.

SECTION 19 - ADMINISTRATION; MISCELLANEOUS

(a) The Salary and Benefits Committee of the Company (the "Committee") or such employee or employees as they may designate, shall be responsible for the administration of this Plan, including the interpretation of its provisions, and the decision of the Committee or of such other employee or employees with respect to any question arising under the Plan shall be final and binding for all purposes.

(b) Uniform policies shall be pursued in the administration of this Plan and there shall be no discrimination between particular employees or groups of employees. The Committee, or such employee or employees as they may designate to administer this Plan, shall have the authority, which shall be exercised without discrimination, to make exceptions to the provisions of this Plan under unusual circumstances where strict adherence to such provisions would work undue hardship.

(c) The Company may allow a reasonable extension of the time within which an election to purchase shares under this Plan shall be made, if it shall determine there are circumstances warranting such action, in which event such extension shall be made available on a uniform basis to all employees similarly situated; provided that in no event shall the period for payroll deductions be extended beyond May 31, 1997.

SECTION 20 - AMENDMENT AND DISCONTINUANCE

The Board of Directors of the Company may alter, suspend or terminate the Plan; provided, however, that, except to conform the Plan from time to time to the requirements of the Internal Revenue Code with respect to employee stock purchase plans, no action of the Board shall increase the period during which this Plan shall remain in effect, or further limit the employees of the Corporations who are eligible to participate in the Plan, or increase the maximum period during which any option granted under the Plan may remain unexercised, or (other than as set forth in Section 18 above) increase the number of shares of stock to be optioned under the Plan or reduce the purchase price per share, with respect to the shares optioned or to be optioned under the Plan, or without the consent of the holder of the option, otherwise alter or impair any option granted under the Plan.
